

SHARING:

Special Chapter/Individual Projects: Our chapters are quite busy carrying out their projects and book studies. All are involved in maintaining prayer lists for their parishes. Two offer help in women's shelters. One was involved in swing washable, reusable menstrual pads for Sudanese women. One continues to send children's dresses to Rawanda. Baptismal blankets are made by one chapter. Another is actively involved with a near-by Native American community and its Episcopal Church. Others provide meals for the homeless. Two chapters have had Quiet Days open to the Diocese.

Diocesan Goals: Our goal is to increase membership. We are quite excited that our Bishop has granted us time at the Annual Meeting of the Diocese so that we can conduct a DOK workshop open to all who may be interested in becoming a Daughter.
